Dear Parents/Guardians,

The Grade 2 Curriculum contains an outline of the program plan for our class this year. The program reflects Ministry of Education guidelines, board of education curriculum guides and school-based plans.

This plan is provided to help give you a clearer picture of the learning goals and expectations for your child. This information may also help you to plan family outings or to select appropriate books for your child.

One note of caution, a school curriculum is a "living" document in the sense that it must reflect the abilities and needs of the students it serves. For this reason, this plan must be seen as an outline, which may be altered, based on student needs.

As the year develops, you are encouraged to discuss school studies regularly with your child. If you have concerns, please call the school office to set up an appointment. We look forward to a successful year working with your child.

Sincerely,

Mrs. Economou
